

# SPC FLOORING

**Element Decor**  
Innovations Essentials

SPC is the newest generation of high-quality resilient flooring. It has a unique interlocking-edge design for easy installation.

**Wear layer:** This is the layer that provides resistance to scratches and stains. It is thin and completely transparent.

**Vinyl layer:** The vinyl is durable and strong. It is printed with the flooring pattern and color.

**Core layer:** This is the waterproof core made from stone plastic composite

**Base layer:** EVA foam or cork forms the base of the plank.
